WELL DONE - Mrs. George Stolz, recreation director, Waveland, receives Merit program plaque Tuesday, by W. Lee Wood, former Mississippi Economic Council Merit program state chairman, in recognition of town's recreation program.

TOWN PROGRESS - W. Lee Wood, representing Mississippi Economic Council, points to Merit program board set up outside Waveland Town Hall. Occasion was presentation of two awards to Waveland under program Tuesday. Mayor Garfield Ladner holds one of plaques, right, while in background Alderman Dominick Sonier listens to talk.

14 to run-off Demos canvass for 12 hours

There were several sizeable changes but none altered the basic outcome of the unofficial tally when the county Democratic executive committee met for 12 hours last Thursday to formally canvass the first primary returns.

From 24 local races, 14 to the runoff primary Aug. 29 and 10 candidates were declared official nominees of the party.

Here's the run-off scene as it shapes up: For state senator from Hancock, Pearl River and Stone Counties, it's James A. Rester, the incumbent from Laetown, vs. Martin T. Smith of Poplarville.

For Post No. 1 in the House of Representatives, Lonnie Smith faces Sidney McRay Seal, who ran strong in Pearl River, while for Post 2, Walter J. Phillips, incumbent, goes against Herbert I. Stierfel.

In the sheriff's race it's W. A. (Fred) Curet against G.V. Price, while for superintendent of education, Eugene Ladner takes on a previous holder of the office, K. G. McCarty.

Four run-offs are on the books for the board of supervisors, elected at large this year under a federal redistricting order. In Beat 1, Charles A. Russ, III, challenges incumbent H. G. Dean.

Joseph Cuevas and John S. Shaw are in the Beat 3 race and in Beat 4 it's incumbent Jack Lott vs. C. J. (Peck) Maufrey.

For Beat 5, Russell Elliott goes against Sylvan J. Ladner, Jr. Two justices of the peace are to be chosen. In Beat 1 it's incumbent Lester Hoover vs. Dan J. Egan and in Beat 5, Post 2, Nolan Ladner, current office holder, faces Forest J. Necaise.

There are three constables to be chosen and two incumbents are left in the running. Lesli L. Dedaux in Beat 3 who faces L. B. Ladner and Arthur (Pat) Garcia in Beat 5, who will run against Pete Noto. In Beat 4 Joseph R. Dobson and Leo L. Garriaga meet.

Waveland wins 2 Merit awards

The Town of Waveland received two plaques Tuesday from the Mississippi Economic Council in recognition of its municipal finance status and the community's recreational program.

The awards formed part of the council's Merit program honoring communities whose standards equal or surpass those that could be expected in cities of comparable size.

Mayor Garfield Ladner, chairman of the town's Merit program board, accepted the municipal finance award on behalf of C. O. Dufour, city clerk and assessor, who was unable to be present.

Mrs. George Stolz, recreation director, was on hand to receive the plaque for her department.

W. Lee Wood, vice president, Mississippi Power Co., said the awards proved that "Waveland has gotten off the wall and on the ball."

He said the Merit program awards came as the result of much study and work, the program being designed to provide a guide for communities to evaluate their shortages and needs and to provide stimuli for their correction.

"Waveland was a late starter in the Merit program, having entered only some three months ago, however, being a community of progressive people, they were already in such a position that it was only necessary to round up a few loose ends to qualify for two Merit awards," Moore said.

Wood told the crowd assembled for the presentation that their town can now proclaim that they provide for themselves and their neighbors the same facilities and services in the areas of recreation and municipal finance as any city of comparable size.

Mrs. Kiefer thanked those who worked so hard to gain the awards.

Runway length word due soon

Although not achieving take-off velocity, plans for the county's jet-age airport got a good blast Thursday in a series of letters made public when the Port and Harbor Commission met at Gulf National Bank.

Congressman William M. Colmer wrote to C. A. Moore, director, Mississippi Aeronautics Commission, that while he agreed with the Federal Aviation Agency that the situation did not call for a public hearing at this time, additional information supplied by Moore to the FAA was being considered and a runway length extension ruling could be expected within the next three weeks.

The commission is seeking an extension of runway length from the presently approved 4,500 feet to 6,000 feet. This is to accommodate commercial air carrier jets and certain National Aeronautics and Space Administration aircraft.

B. D. Alexander, area manager, FAA, Memphis, shortened this time in a letter to A. K. Martinovich, Jr., former commission president, saying a decision should be reached within the next week or 10 days. This letter was dated Aug. 3.

Hold action on regional health plan

The board of supervisors, meeting Monday, decided to hold for an expression of opinion from local physicians and citizens a resolution to make Hancock County a part of a four county regional commission on mental health and retardation.

Harrison County, has already adopted its resolution joining the program established by the 1958 state legislature. Pearl River and Stone are the other counties in this region.

At this stage, Hancock would select one member of the regional commission. A check of the statute by Attorney J. Rubio Grading noted that matching funds had to exceed two mills might be needed from each participating county on the mental health program develops.

That's what the board decided to find out public opinion first. Two representatives of the City-County Memorial Library appeared to receive their plan for increased millage for the library when taxes are levied for fiscal 1969.

Land value appraisal finished

Without improvements of any sort, the 100 per cent bare land appraised assessment value of the city of Bay St. Louis is \$6,828,180. For the Town of Waveland the 100 per cent appraised value, land only, is \$6,836,260.

In releasing the figures, compiled over the last year by William MacWhorter and Associates of the Job, J. Cyril Glover, city commissioner, stressed that the figures represent land assessments only.

Next step will be a land only assessment of the areas immediately surrounding the two communities. This to arrive at a 100 per cent land only assessment figure for the entire Bay St. Louis Municipal School District.

Before arriving at a complete assessment of city and town worth, the value of all improvements, personal property, businesses, automobiles, trucks and the like, will be estimated and added to the land value figure.

Quartet named to citizens' street study

Seventeen downtown business men met Monday in the Courthouse to tackle the problem of the city's unfinished, sewer and street resurfacing program.

After each voiced his viewpoint, the group appointed a committee of four to look into the matter and report back 7:30 p.m. next Monday.

Serving on the committee are Larry Smith, Earl Raymond, Bob Lowderdale and E. J. Marango. These four are to appoint a micro committee member.

Ladner said Tuesday that Monday's session is open to all interested parties.

State aid seen for VCJ project

A note to add \$3,000 to the bid written on the outside of a bid envelope prior to its opening was ruled acceptable by Bay St. Louis Municipal School trustees Aug. 4, and a base price of \$68,850 was amended to \$71,850 still to qualify as low bid for additions to Valena C. Jones School.

Miller-Sims Construction Co. of Piquette was awarded the building contract at this price.

Other bidders were C.C. McDonald, Jr., Inc., Bay St. Louis, \$89,385 and Terry Feeney, Inc., \$80,000.

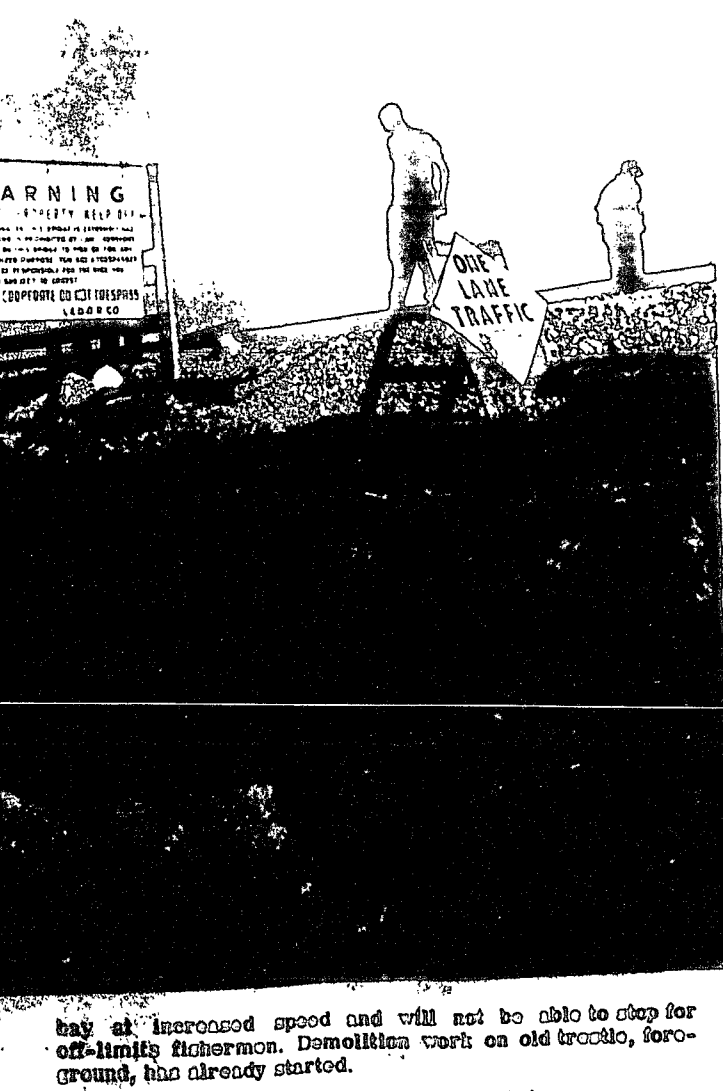

Alkanato A deductions were listed as Miller-Sims, \$600; McDonald, \$420 and, Feeney, \$400.

Kitchen equipment bids, for the same school, came in at Hub Refrigeration and Fluturo Co., \$11,818; Hemlock Manufacturing Co., \$12,454 and, J. S. Watorman and Company, \$12,828. Hub Refrigeration was awarded the bid.

Complete renovations are expected to cost around \$108,000 and the school system has secured a grant of \$84,786.80 from the department of Health, Education and Welfare.

The balance of the funds are to be obtained from the Educational Finance Commission in Jackson under a grant giving the system so much per child per year for renovations and additions to existing school structures. Final approval of the body is expected Monday.

Other costs include laboratory equipment, books, utility connections, legal and administrative fees and architects fees.

Bayou Caddy survey Headstart by Corps opposed enrolling on Friday

The question of jurisdictional rights over the Bayou Caddy survey was the subject of a meeting Thursday with Port and Harbor Commissioner Edward Beckman, which resulted in a \$20,000 grant made by Congress to the Corps of Engineers for a survey of Bayou Caddy.

His argument was not that the money had been appropriated but that the way in which the project was being carried out was under way over which the commission had no say. Commissioners were kept abreast of the project by Congressman William M. Celler in a series of telegrams over the past year. The subject was also raised at a public hearing early this year at which the commission had representation.

Michael Haas, one of the commission's two attorneys, pointed out that Michael Baker, Jr., Inc., of Jackson, their engineers, had been instructed some time back to go ahead.

Mrs. Bourgools

Mrs. Laura M. Bourgools, 61, former Waveland area resident, died at 6:30 p. m. Aug. 15 in Hancock General Hospital. She was a native of Waveland and former member of the St. Clare's Catholic Church.

Services were Sunday from 10 a. m. to 12 p. m. at St. Clare's Church, Rev. Patrick Markey officiating. Interment was in Waveland Cemetery with Sister Carver, Paul Bourgools, Tony Bourgools, Jr., A. J. Pordges, Chester Bourgools and Malvin Leduc serving as pallbearers.

Surviving are two sons, Fred Bourgools, town marshal, and Sidney Bourgools, a brother, Roger Bourgools, two daughters, Mrs. Ida Bourgools and Mrs. Rebecca Bourgools, all of Waveland; four grandchildren and seven great-grandchildren.

Mrs. John Fayard

Mrs. Lucina Johnson Fayard, 69, of Rt. 2, Box 274, Waveland, died about 2 a. m. Sunday in Hancock General Hospital. She was born Sept. 12, 1897.

Surviving are her husband, John L. Fayard, two sons, John L. Fayard, Jr., Keeser, La., and Marcello E. Fayard, Long Beach, a daughter, Mrs. Wilma B. Fayard, New Orleans, two grandchildren, two brothers, Elmer Johnson and Robert Johnson, both of Gulfport, and Joseph Johnson and Fred Johnson, both of Lake Charles, and a sister, Mrs. Elizabeth Garcia, Gulfport.

Services were Monday in Hancock General Hospital with Rev. Patrick Markey of St. Clare's Catholic Church, Waveland, officiating. Interment was in Fayard Cemetery, Waveland, with Robert Garcia, Carl Johnson, Peter G. Fayard, Jr., Paul Fayard, Jr., and Emilio Markey serving as pallbearers.

with Phase D of the master plan which deals with mangroves. When this is ready, he said, most of the problem will be solved.

Only through land use zoning will the commission have any control over land use.

On their part project commissioners were told by Jack Shelby Williams of Michael Baker that clearing and grubbing was 99.9 percent complete and dyke work about the same. International Paper has released all the area required for two access roads and the engineers are in a position to proceed to their road contractors, L.S. Stockstill of Baton Rouge, La.

The notice is being held up at the moment pending receipt of covering liability insurance detail but it is "in the mail," Williams said. The notice will be issued when the insurance detail is received.

Williams further told commissioners that Hugh Hill of IP had asked the commission to designate any areas they want the timber cut and so that removal can be speeded and work scheduled over a period of time. Commissioners balked at this as, according to the agreement of sale, IP is to remove one quarter of the timber per year. If the commission asks for any increase in this amount a penalty clause becomes effective and payable.

To solve the situation the commission instructed Williams to indicate what areas are next to be cleared and if IP wants to cut on its own volition then it could go ahead. If not then the trees are to be left standing and cut in accordance with the agreement.

In final items the commission approved payment of \$352.75 under claim docket A, general fund, and \$9,699.52 under claim docket B, construction fund. Boush Dredging Co. Inc., prime dredging contractor, was paid the lion's share, \$9,234, mostly for dyke construction work at Mulatto Bayou.

on Friday

Registration for the Headstart program will be from 9 a. m. to 4:30 p. m. Friday at Dillman Center, corner of Washington and Third Streets, and at the former Smith television shop, Waveland.

Mrs. Mando Drummond, program specialist, asked registration to be held to enroll children between the ages of 4 and 5 years, who may have been overlooked in the last survey to try to obtain a large enough enrollment to open another center in Bay St. Louis.

There are 110 registered to date, she added. Graduation of Headstart students will be at 7 p. m. Friday, Aug. 18, at Waveland Headstart Center and Monday at Dillman Center.

Murphy addition...

(Cont. from Page 1)

The main school, constructed last year by Roy Anderson, Jr., Inc. of Gulfport, was designed for later expansion. To this end greater plumbing, heating and electrical unit installations were made. These will now be utilized in construction of the four classrooms.

Architect Fred Wagner said he had contacted Anderson's estimator prior to arriving at his price estimate. To this figure he added 10 per cent and then a further \$1,000 for contingencies, Wagner said.

The addition is designed exactly like the existing school and will blend in with the present structure when complete.

ay schools get ids on supplies

Supplies of the Bay St. Louis Municipal Schools system were distributed Wednesday as their annual supply plants with a view to improving the summer months.

Brothers, Bakery, was awarded the bid for 21 cents per loaf, 12 cents per dozen, hamburger and 29 cents per dozen. The bid for 33 and 39 cents, respectively.

Three and batteries two were accepted -- Ar Service, Bay St. Louis, and Sears, Gulfport.

No bid was found on gas supply as only one received, from the wrong delivery.

Six companies bid on all at seven cents per pint, with some additional conditions of various forms.

last year, in an effort to get the milk business a local people, the system four different dairies.

accepted all bids and in the schedule of the outcome.

W. T. Yarhouse, New Orleans; two brothers, Albert Edwards, Shreveport, and Roy Edwards, Hammond, La.; two sisters, six grandchildren and one great-grandchild.

CC McDonald, Jr., P. F. Porter, Jr., Paul B. Lacoste, Jr., Joe Kern, E. J. Lacoste, III, and Walter J. Phillips were supervisors.

(Cont. from Page 1.) and noted inadequate salaries paid personnel reflect credit neither on the library nor the county. The public contribution is 46 cents per capita in Hancock while both Harrison and Pearl River give well over \$1.

Dolph Kellar, presiding in the absence of R. G. Hubbard, supervisors' president, noted one mill would yield about \$21,000 and wondered if the library needed that much. He indicated he favored more money, however.

Mrs. Lloyd Griffith observed that Hancock is now 12th on the Mississippi list for a federal-state library grant for a new building and with strong local support would be able to pass ahead of some other counties.

A request also came from Dr. A. L. Gray of the State Board of Health asking the county to increase its contribution to the local health office by \$1,130.54 in the face of spiraling costs.

The State Department of Education notified the board its minimum program ad valorem contribution for the year is \$4,478 plus \$3,715 from severance taxes.

Payment was authorized on the recommendation of the port and harbor commission to Bauer Dredging, \$9,234 on its Mulatto Bayou work, \$216.14 to Michael Baker, engineering fee, and \$249.38 to Baker for the airport eminent domain hearing fee. Notary public board was approved for Mrs. Joe Bucola before the board recessed until 10 a.m. Aug. 28 to receive equipment bids.

Payment was authorized on the recommendation of the port and harbor commission to Bauer Dredging, \$9,234 on its Mulatto Bayou work, \$216.14 to Michael Baker, engineering fee, and \$249.38 to Baker for the airport eminent domain hearing fee. Notary public board was approved for Mrs. Joe Bucola before the board recessed until 10 a.m. Aug. 28 to receive equipment bids.

(Cont. from Page 1.) and noted inadequate salaries paid personnel reflect credit neither on the library nor the county. The public contribution is 46 cents per capita in Hancock while both Harrison and Pearl River give well over \$1.

Dolph Kellar, presiding in the absence of R. G. Hubbard, supervisors' president, noted one mill would yield about \$21,000 and wondered if the library needed that much. He indicated he favored more money, however.

Mrs. Lloyd Griffith observed that Hancock is now 12th on the Mississippi list for a federal-state library grant for a new building and with strong local support would be able to pass ahead of some other counties.

A request also came from Dr. A. L. Gray of the State Board of Health asking the county to increase its contribution to the local health office by \$1,130.54 in the face of spiraling costs.

The State Department of Education notified the board its minimum program ad valorem contribution for the year is \$4,478 plus \$3,715 from severance taxes.

Mrs. Scrimshaw

Mrs. Elsie Lamare Scrimshaw, 65, died at 5 a.m. Tuesday at her residence, 192 South Beach, Waveland.

A native of New Orleans and a resident of Waveland for approximately 30 years, Mrs. Scrimshaw, owned and operated the Scrimshaw's Grocery, Waveland. She was a member of St. Clare's Catholic Church and of the Society of the Holy Virgin Mary.

Survivors include a daughter, Mrs. Elsie Lamare Scrimshaw, Waveland; a sister, Mrs. Stephen E. Leach, New Orleans; a brother, Ernest O. Scrimshaw, Waveland; and two grandchildren.

A prayer service was held Wednesday at St. Clare's Catholic Church, followed by a mass at St. Clare's Church with Rev. Kevin Bambrick, pastor officiating. Interment was in Holy Mausoleum, New Orleans.

Madison Grider

Funeral services were held at St. Clare's Catholic Church, Waveland, Friday for Madison R. Grider, 67, U.S. Coast Guard (ret.), a resident of St. Clare's, Bay St. Louis.

He died in the Coast Guard hospital Aug. 8 where he had been a patient for five days.

Born July 19, 1900, in Chicago, Ill., Mr. Grider was retired as chief motor mechanic in the Coast Guard in 1946 after 28 years service. In 1946 after 28 years service, during World War II he was on submarine patrol in the Caribbean.

He resided in New Orleans prior to moving here in 1950. A 32nd degree Mason, rites were conducted at Riemann's Fabry-Whitfield Funeral Home by the Bay St. Louis Masonic Order.

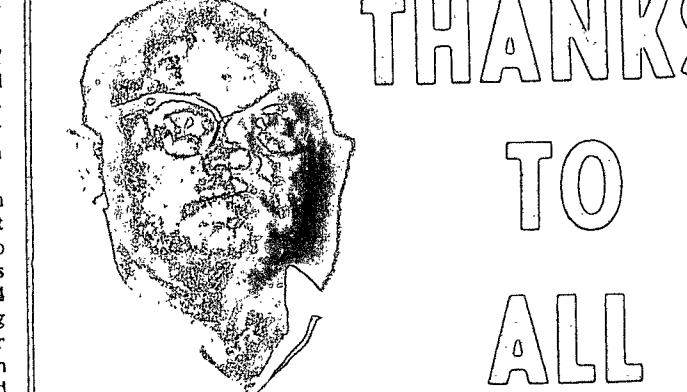

Surviving are his wife, the former Agnes Port; one son, Richard J. Grider, Jackson; one daughter, Mrs. Agnes Dyess, Bay St. Louis; seven grandchildren and one brother, Otto Grider, Clinton, Wash.

MRS. HERNANDEZ NEEDED RELIABLE SERVICE WHEN HER HUSBAND IS AT SEA.

Mrs. Hernandez has brought several of her friends in to me to buy cars - She said when she was ready she would come to me. Her husband is a seaman and he is interested in service with reliable people while he is away at sea. Mr. Gallagher is noted for service to his customers after the sale and we have confidence in him and Gerry Lane Chevrolet.

I am sincerely grateful for the splendid large vote I received in the first primary. Now that the most crucial part of the campaign is at hand, I sincerely solicit your vote and support. I humbly hope that the Fine Eliminated Candidates & their Friends will support me. They ran a good clean race.

Let's all good people join forces and Eliminate the Midnight Gestapo Tactics that go on in Hancock County just before elections.

For the good of the County, let's eliminate the Power Seeking, money grabbing Political Clique that is trying to take over in Hancock County.

Merchants take Youth

Coward homer gives play-off to Braves

A grand slam home run by Norman Coward provided the spark for the Braves 12-0 victory over the Cardinals for the Dixie Boys play-off championship at Municipal Ball Park Sunday.

But hard luck plagued the Independents in Youth League play-offs as they lost to Merchants Bank 3-1, although losing pitcher Cory Biolstein pitched two-hit ball.

AT PARRIS ISLAND

Marine Pts. James J. Stiefel, son of Mr. and Mrs. Alton J. Stiefel of 414 Robert St., and Dennis M. Ray, son of Mr. and Mrs. Donald H. Ray, Sr. of 224 Hickey St., all of Waveland, are going through recruit training at the Marine Corps Recruit Depot, Parris Island, S.C.

Dave Necaloe had twirled the Independents to the finals with a no-hitter in the semi-finals to defeat Gulf National 4-1. Dale Ladner got the victory for Merchants Bank in the finals and Truman Schultz won for the Braves.

In boys' league action Sunday, Edward Favre also got a homer, and Randy Starita and Gary Blaise each had two hits while Arthur Miller and Dale Lafontaine had three each for the Cardinals. The Cardinals advanced to the finals by defeating American Legion 9-4. Mike Lymuel was winner and Roger Maybuser in this affair.

Merchants Bank is now the undisputed Bay St. Louis Dixie Youth champion having won both regular season and play-off trophies but in the boys' league, American Legion won the re-

gular season championship while the Braves copped the play-off trophy.

Broadview turns tables

Cellar dwelling Broadview Restaurant turned the tables at Kiln Sunday and copped the winner's trophy at a women's softball tournament sponsored by Moran's Amusements on the Annunciation School diamond. Broadview beat Moran in the finals 7-5.

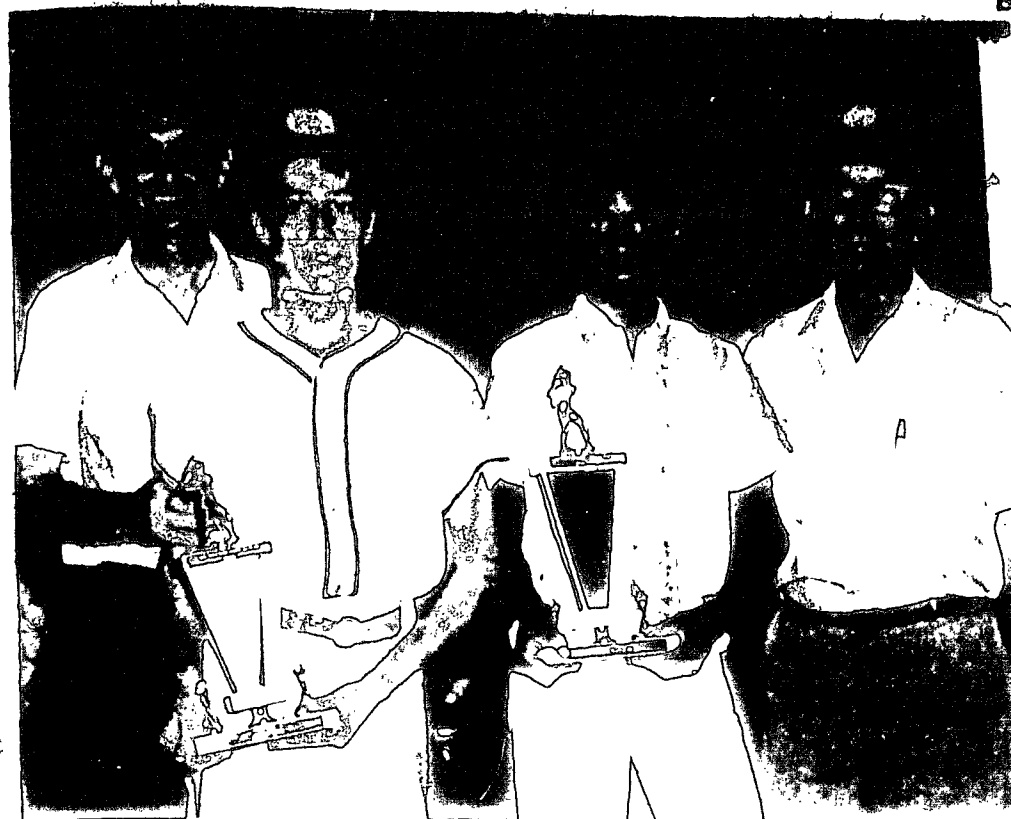

Other results are: Deleaux 6, Little Red 5, Broadview over Crossroads by forfeit, Moran over Cook Brothers by forfeit, Handy Pantry 11, Dough Girls 2, Saints 10, Deleaux 7, Nicholson 4, Handy Pantry 3, Moran 7, Saints 5, Broadview 5, Nicholson 0.

MIKE CARDIN APPRECIATED DAVE SLOAN'S HELPFUL ATTITUDE WHEN HE PURCHASED HIS NEW CHEVROLET

My name is Mike Cardin. My father has been with the L&N Railroad for 25 years. My mother works at Hancock County Health Dept. Our family needed a new car and since we had heard so much about Gerry Lane Chevrolet, we drove by and met Dave Sloan. Dave helped us in our selecting our new Chevrolet. We are so glad that we buy here at home now and keep our money working for Hancock County. If you need automotive transportation, won't you go by and see David Sloan at Gerry Lane Chevrolet.

FRIENDS TOLD THE TED CHACHAKIS OF SATISFACTORY SERVICE AT GERRY LANE'S.

My wife and I had the desire to buy a new car. We had a 1966 model automobile with low mileage but were unable to obtain service on it. We decided to buy a Chevrolet because everyone we have talked to seemed satisfied with the service at Gerry Lane Chevrolet here at home. We shopped in Gulfport to check the prices we saved money by buying here at home and have the plus benefits of service, my friend Herb Baron is the type salesman we will recommend to everyone.

conditioning!

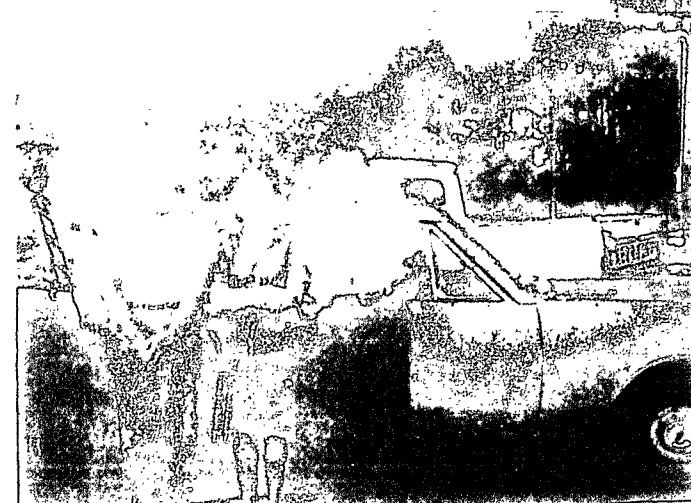

GAS AIR CONDITIONING IS BEST...

Costs less, too!

Look at all the costs of air conditioning, not just the first cost. You'll find that central GAS air conditioning costs less money in the long run than so-called "cheap" systems. And everybody knows the GAS system delivers better air conditioning by far.

Compare the terms—monthly payments . . . the guarantees . . . the service policies. Compare the operating costs . . . the maintenance cost . . . the life of the systems. You'll be convinced. Gas air conditioning will save you money. Yes, and the gas company stands back of it. Any other questions? Ask your gas company—today.

THE STRAHNS SHOPPED AROUND AND FOUND BEST DEAL AT GERRY LANE'S.

We bought our last car in Gulfport and when the urge to buy another one got us, we naturally tried the dealer who sold us our last car. The price of the car they had didn't appeal to us. So we tried two other salesman at other dealerships. Having heard so much about Gerry Lane's Chevrolet, we drove by just to check - we have never been able to buy at home before, even though we offered a little more money, much to our surprise, we were greeted courteously and enthusiastically by Dave Sloan, who in the end actually saved us money and we feel real happy that we at least can buy a car at a right price at home.

THANKS A MILLION

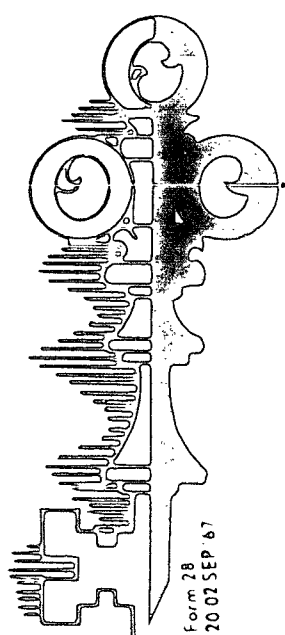

I wish to express my sincere appreciation to the many fine people of Pearl River and Hancock Counties who voted for and supported me in the Aug. 8th primary. Thanks to all the people of Pearl River and Hancock Counties for all the courtesies shown me when I called on you during this past campaign. For these many favors I shall be forever grateful.

STRAIN

(Pd. Pol. Adv.)

As we strive more or less vainly to recuperate from the first primary and accompanying festivities, we decided to take another of our sort of "Time Tunnel" type trips to years gone by via ancient issues of the Echo. Our journey ended on Aug. 9, 1935. This was the announcement of opening a WPA office on the coast was big news; Joan Harlow and William Powell were starring in Rocklows at the A&G theatre; 11 young ladies completed their studies at St. Joseph Academy; Becky Sharp, the first color show, was billed as a coming attraction, and it was a great big election year with a total of 72 names on the ballot.

The editor, after emitting flowery phrases about the nobility, honesty and good intentions of all candidates, solemnly warned voters to study qualifications of each before entering booths as it would take considerable time to mark such an extensive list. As for results, a gentleman named Lucien (Push) Gex was elected to the post of state representative, Kenneth McCarty, superintendent of education; Claude Monti, sheriff; Ed Kellar (Joe's late father), Beat 5 supervisor and most surprising, a lady by the name of Edith M. Ladner, Justice of the Peace in Beat 5. Times have changed somewhat in Hancock County in 32 years, but not all that much when voting time comes around!

Getting over the election

We'll begin news matter with apologies to a number of ladies who appeared with the Nerelids group on the Mid-day tv show on Friday, Aug. 4, whose names were omitted in last week's write-up. Mrs. Ed Canady had faithfully turned the complete list in to Inez Favre and she, as faithfully passed it on to the Echo, but it was just one of many things that had to be omitted due to space shortage. In addition to Mrs. Canady, others on the show were Gerri Johnson, Ethel Evans, Lillian Grass, Fran Lucas, Lee Le Croy, Mrs. Fred Stromeyer and Mrs. Frank Lagarde. The list of St. Clare's Church fair winners suffered the same fate, but should make the grade this week. However, we just can't resist mentioning Elaine Colson's glee when told that she had won the gentle, sweet tempered Shetland pony! And anyone who isn't convinced of the animal's sweet disposition need only ask Margie and John Auderer, his host until names were drawn.

A get well wish goes to Jake Jacob who enters Ochsnor today for a series of tests.

Nancy and Lucien Gex spent the weekend in Opelousas, La where they watched Creole Tomato (a horse, of course), run and run and take part of Evangeline Towne.

Sing along with Bert

We're told there's a great new spot on U.S. 90. It's called Brad's and on Friday, Saturday and Sunday nights features an old time type sing-along with pianist, Bert Peck, who just happens to be a long time friend of our sports editor, Eddie Englehorn.

Bert will be remembered by New Orleans jazz fans as one of their all time favorites.

Norvin Penrose hardly needs our hope you're feeling better greeting, feeling so well after having surgery several weeks ago.

John Stanton is buzzing all over town in his sharp looking new aqua sports type automobile.

Debut at the polls

Harry Shattuck has at last graduated from Teen Times by virtue of having cast his official ballot on Aug. 8. He buzzed all the way from graduate school in Missouri to reach the Bay just ten minutes before polls closed.

The James Blackmans are most unhappy they reported to Joyce and Carl Ladner (he's Joyce's brother), that they were mostly only receiving half of their Echo when Joyce and Carl visited them in Chattanooga, Ten. on their recent vacation.

Mercedes and Phillips Haddad are now vacationing in the sunny state of Florida.

Mary Perkins and nieces, Mary Margaret and Ann, haven't been idle during the summer. A couple of weeks ago they journeyed to Jackson to take in state tennis tournaments and the following weekend they were guests of a former Bay resident, Jean Horton Webb, in Vicksburg.

Joe Burrow is another 'new' car owner. He, wife Vickie and children are enjoying a week's vacation in the air conditioned comfort of a great, big tan luxury automobile.

Rita (Mrs. Roger) Boh was accompanied by Mary (Mrs. Charles, Jr.) Breath and her daughter Sue, when she was presented with a golden diploma from Southern in Hattiesburg at a big banquet on Sunday.

Merciers tour the family

Mr. and Mrs. A. C. Mercier are at home once again after an extensive vacation which included visits with every member of their family. In Wisconsin they had such a cheering effect upon his 88-year-old mother that she arose from her bed and, using walkers, was able to join them at the table for meals. His son, Pat, and family also welcomed them there. In Oklahoma they admired daughter Theresa and husband Gerald Morgan's brand new baby; in their lovely new home. En route home they visited son Rev. Adrien Mercier in Jackson; met another son Rev. Joe Mercier at the New Orleans airport; admired another new arrival at the Damien Mercier's home in Slidell and finally spent some time with a daughter Mrs. Charles Debrow, her husband and family in Covington, La.

Promoted

Inez Bous couldn't have been any happier if she'd inherited a million dollars Saturday. She received a letter from her husband, Capt. Charles Bous, telling her that he had been notified that he's on the list of those being considered for promotion to the rank of major. It's quite an honor as the notice came over a year before he had any idea of the possibility of promotion. He's now serving in Vietnam.

If the column is briefer than usual this week, it's because of the arrival of brother Tom, wife Marie, daughter Mary and (Cont. on Page 9-B.)

JOHN BELL WILLIAMS

and the CONSERVATIVE PEOPLE OF MISSISSIPPI

WILLIAM WINTER and the "GREAT SOCIETY" LIBERALS

THE LINE HAS BEEN DRAWN

The Conservative people of Mississippi have been called to law. The final, desperate assault of the Great Society on the rights of the State of Mississippi has begun. The line has been drawn, daring us to stand up for our beliefs.

The burning question in the Second Primary campaign for Governor remains:

Will the people of Mississippi surrender along with William Winter to the demands of Lyndon Johnson and the "Great Society"?

OR

Will they stand firm with John Bell Williams on the bed-rock principles of Conservative Government?

The people of Mississippi will not fail to accept this challenge and rise to the greatness which they have so often displayed.

John Bell Williams seeks the support of every right-thinking Mississippian to join with him in this great endeavor to preserve our traditions of States' Rights, Constitution, Government, and Individual Liberty for ourselves, our children, and the unborn generations of Mississippians.

THE CHOICE IS CLEAR AND SOLID: THE LIBERAL PHILOSOPHY OF SURRENDER VS. THE SOUND CONSERVATIVE PHILOSOPHY OF JOHN BELL WILLIAMS

Blue crabs are best when caught on the full of the moon. Their shells are full of meat. May through August are the best months. However during the winter months they are caught out in the marshes while fishing, on a hook and line and with nets.

SPORTSMAN OF WEEK

Anthony Lolacano, keeping busy at his place of business, finds time to go fishing and to sponsor a softball team. He goes fishing early before opening the store and on Sun- days. He is shown receiving an appreciation gift from members of his team.

It comes to eating them, how- ever. There'll be more coming, Powell. Eddie Engolhorn says he is

the busy covering local sports. They caught 4 which weighed 1 1/2 and 7 pounds each.

Lady golfers at PCI are a busy bunch planning for coming events. If you would like to learn to play golf, join them. Cal Smith is the local pro and a good one. Golf is relaxing, exercising and good for want all you.

Eldon Gilly and Fred de Bon caught 40 beautiful species at Half Moon. The largest weighed 3 1/2 pounds. It was caught by Fred. However, Eldon out- caught his buddy in numbers landed. They claimed the speckles were really hitting.

Was sorry to learn of the death of Gordon Romanoff last week. Gordon loved his fishing and went on every occasion. Sympathy is extended to the family.

Red fish are beginning to hit up Jordan River according to

Jack and Camille Schaefer. They caught 4 which weighed 1 1/2 and 7 pounds each.

Sam Meyers loves to fish, pated. He uses a porch pole and earth worms. He fishes mostly down Anchoy way. Bass and perch are his favorite fish but he says he will take anything that bites.

Eddie Henth and his fishing buddies caught some nice red fish out at the marshes Satur- day. Eddie is one of our best fishermen and knows where to catch fish. He shares his boat with his friends.

Perre Quintini is home on furlough from Washington, D.C., where he is stationed with the U.S. Army. You can bet he will spend most of his time fishing.

THANKS TO THE PEOPLE OF
HANCOCK AND PEARL RIVER
COUNTIES

Thank to you for the fine vote you gave me for Representative in the Primary on August 8, 1967.

As always, I am interested in seeing our counties represented by the best man. Walter J. Phillips, who now holds this office has done an excellent job and is well respected by his fellow Legislators. His opponent, Bert Stueffel, works for Sazerac and Haven Hill Distilleries as a liquor representative and as far as I have been able to determine his only experience has been in the sale of whiskey, and he now owes the State of Mississippi \$21,278.15 delinquent Black Market Tax and Sales Tax on Liquor, according to Judgment Roll 5 of Hancock County, Mississippi.

Sincerely,
C. R. Holladay

(Pd. Pol. Adv.)

Here's the winning score:

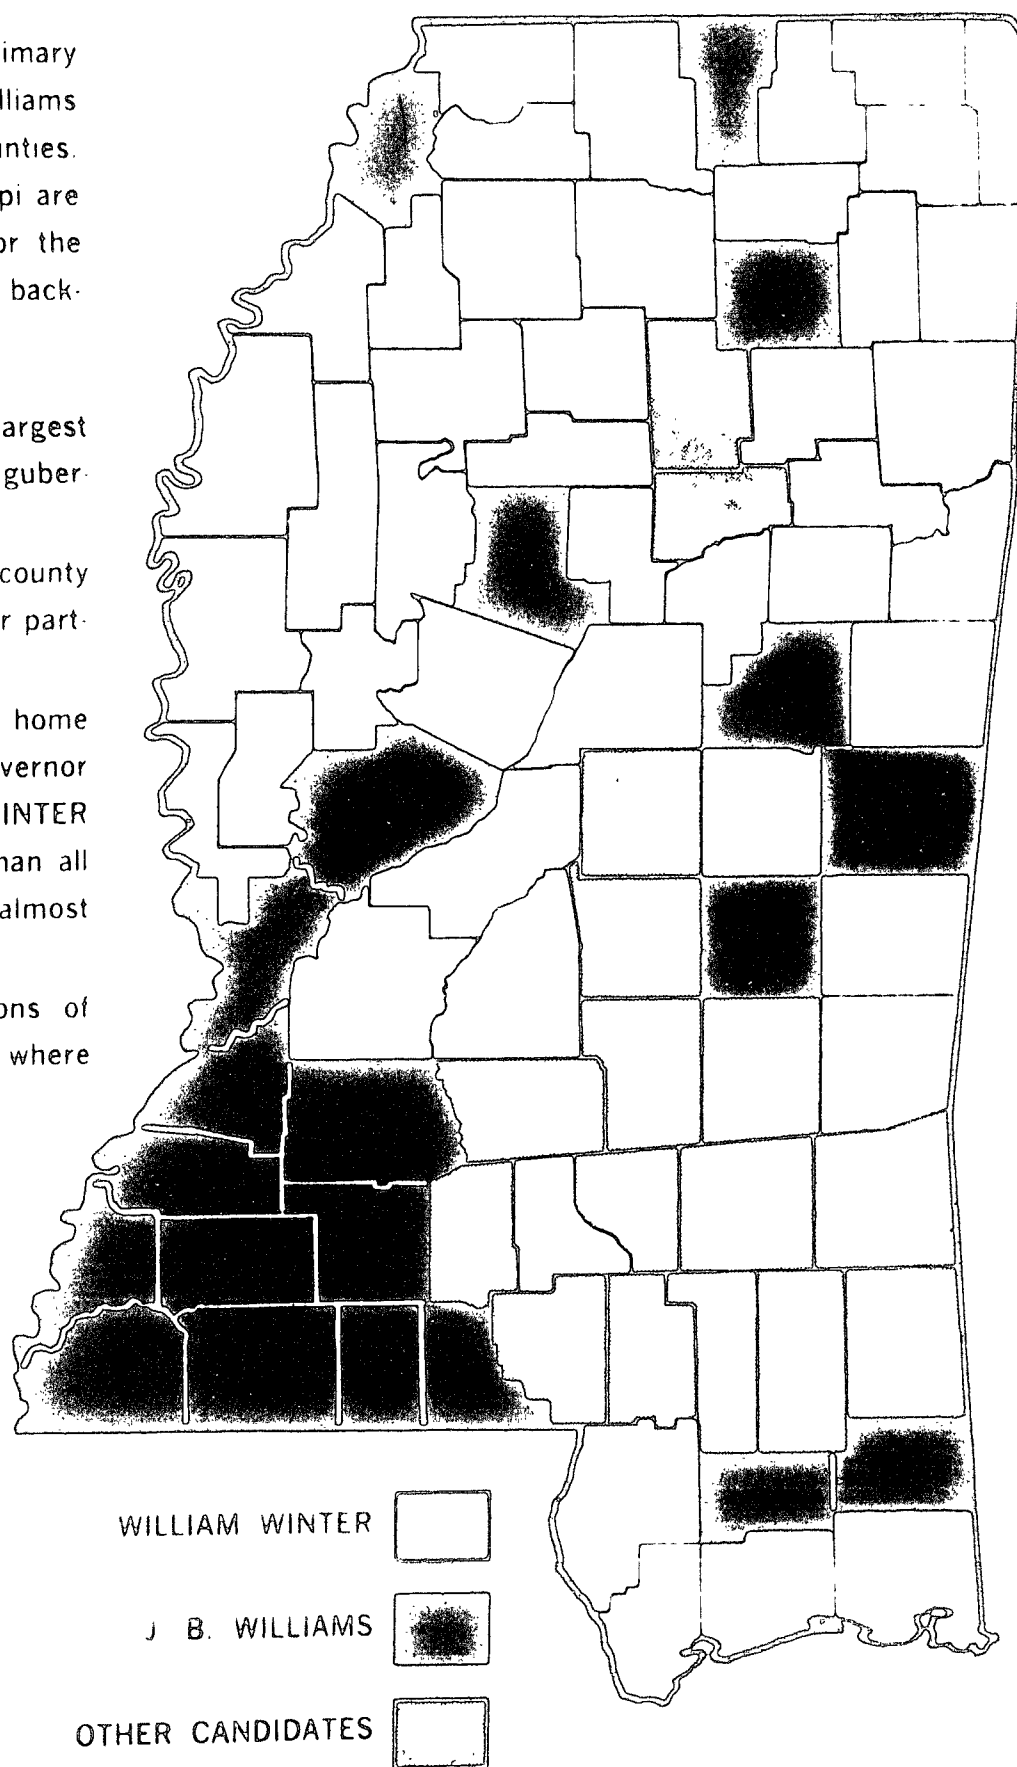

52 to 21 for
WILLIAM WINTER

... and the people of Mississippi

Latest wire service totals show that in the August 8th first primary WILLIAM WINTER carried 45 counties to 21 for J. B. Williams and led Mississippi's part-time Congressman in 7 other counties. Here are other facts that prove that the people of Mississippi are solidly behind WILLIAM WINTER and his positive plans for the future of our state vs. his opponent's negative, no-plans, back-ward-looking brand of personal politics:

- The people of Mississippi gave WILLIAM WINTER the largest first primary vote in the history of Mississippi's gubernatorial elections.
- WILLIAM WINTER carried J. B. Williams' home county of Hinds, where over 67% of the voters rejected their part-time Congressman.
- In sharp contrast, the voters of WILLIAM WINTER'S home county of Grenada gave the winning candidate for governor an overwhelming vote of confidence! WILLIAM WINTER led the ticket in Grenada County with more votes than all of the other candidates put together and with an almost 3 to 1 margin over J. B. Williams.
- WILLIAM WINTER'S support came from all sections of Mississippi but primarily from the rural counties, where WILLIAM WINTER'S plans for better schools, more and better jobs, law and order, economic progress and home rule and local rights won the overwhelm- ing approval of the people.

The vote is in. The record is clear. The people of Mississippi have proven that they are looking for the kind of positive, sober leadership offered by WILLIAM WINTER and his Plans for a Greater Mississippi. They have proven that they want a governor who will stay on the job and fight to win for Mississippi! WILLIAM WINTER wants your help and support in the second primary. Now's your chance to get on the winning team ... the team that will win for you, for your family and for Mississippi!

Too late to think about CAR INSURANCE

THANK YOU

for your vote and support in the first primary

I want to express my deep appreciation to the voters of Hancock and Pearl River Counties for the tremendous vote I received in the first primary. It is most gratifying that my support came from all parts of the two counties and would indicate to me that if elected, I could be a spokesman for the entire district.

To those of my loyal supporters who voted diligently and energetically on my behalf I offer heartfelt thanks. Only through the tireless efforts of these friends could I have attained a 2,000 vote lead over the opponent I face in the second primary. I trust that your expectations of strong representation in a better State Government will be realized. Your continued support in the second primary will insure a victory of which we all may be justly proud.

To those of you who supported one of the other candidates in the first primary I now solicit your vote and support in the final and crucial days of this campaign. I will make this pledge that, if elected, I shall do all within my power to make you a representative who can and will effectively represent the best interests of all the people of this district.

JANE PARKER WHITE BREAD ISN'T THE BEST SELLING IN THE U.S.A.

KNOW WHY?

Because it's not for sale in most stores.

Only A&P.

And so, it's only one of the ten best-selling breads in the U.S.A.

But what a "ten-bester" Jane Parker White Bread is!

It's the one that's dated on the wrapper so you can see it's fresh.

It's the one with quality that equals or surpasses the others in the top ten.

It's the one with flavor so good it's guaranteed to please your family - unconditionally guaranteed.

It's the one that, chances are, sells for a lot less than all the others in the top ten.

And remember, it's the one that's sold only at A&P.

When you think about it, shouldn't A&P be your store?

PREPPING FOR BAREFOOT - Rehearsing scene from first act of Barefoot in the Park, Little Theater's Labor Day weekend presentation, are, from left, Douglas Keger, Dale Hovvelling and Capt. Harold Powell.

Bay Little Theater reviews its heritage

By Emily de Mendoncia

Organized on a February night in 1946 in the North Beach home of Mr. and Mrs. John Bell, with 28 charter members, the Bay St. Louis Little Theater presented its first performance the following month. Sir James M. Barrie's one-act play The Twelve Pound Look, staged in the auditorium of Bay High School since the fledgling organization had as yet no home of its own. During that first year enthusiasm ran so high that membership soared to 248 and a play was presented every month, all except the first two being full-length, three-act performances.

Immediately after its organization the Little Theater began work on temporary quarters, converting a vacant wooden building on the high school athletic field into a theater of sorts and coping with problems of over-crowding the audience, a small stage, microscopic dressing rooms, inadequate lighting, and... words of all... dancing rain on the low tin roof during performances!

The second season, during which the number of plays was reduced to six for the year, was as successful that it was possible at the beginning of the third season to take a giant step forward: A play-shaded lot on Boardman Avenue was bought and two war-surplus buildings were purchased from Gulfport Field, dismantled, brought to Bay St. Louis by truck, and re-assembled here.

One was placed in position for the audience, and the other was set across the end to serve for stage and backstage needs. In the tradition of New England little theaters, this Mississippi

one was painted barn red, and the painting was done in two days by dozens of members who climbed ladders, wielded paint brushes, and came down intermittently for fried chicken and cold drinks.

Through the years improvements have been made in many ways, although the various boards of directors have agreed on preserving the rustic, barn-style atmosphere. The interior walls are decorated with posters of virtually every play presented during the lifetime of the organization, and the titles form a most imposing array of the best of American theater of our generation.

Lighting equipment is now excellent, and the stage is exceptionally large, so that any type of setting can be accommodated. Chief improvement still to be accomplished is air-conditioning, which the present board is now contemplating as imperative.

The Bay St. Louis area has been particularly fortunate for many years in being able to draw its actors and directors not only from permanent residents but also from an ever-shifting population which has brought to the coast many talented people from all over the United States. For years the Merchant Marine base at Henderson Point

The State Aid Road Division has approved a contract awarded July 31, by the Hancock County board of supervisors providing for improvement of the Kila-Picayune Road, Frank T. Moore, state aid engineer, reports.

The contract, designated as Project No. SAP 23 (1)-S, provides for 2,650 miles of base repair and resurfacing, and was awarded to Bond Paving Co., Inc., of Hattiesburg, the low bidder, for \$6,830.00.

Bids on this project were also submitted by Miss-Lou Asphalt Co., of Picayunes, and Bush Construction Co. of Laurel.

This project is located in the district of Supervisor Jack Lay. Engineering supervision will be handled by the County Engineer George W. Wier.

provided men galore for every sort of theater need, and in recent years the new families moving in for work at the Mississippi Tool Facility and at Michoud have been a rich source of actors and workers.

Recent performances have included a musical (The Pantomime), a comedy (Mary, Mary), a mystery (Ladies in Retirement), serious drama (The Miracle Worker and Amadeus), and now comes the hilarious Barefoot in the Park, which is setting laugh records from coast to coast.

Directed by Mrs. C.E. Little, Barefoot in the Park will be presented Aug. 31 and Sept. 1 and 2. Co-starring will be Mrs. Dale Hovvelling and Calvert Smith of Waveland, supported by Mrs. J.K. McKenna, Joseph Barbo, Douglas Keger, and Capt. Harold Powell.

FROM THE PEOPLE

Elect H. G. Dean

We respectfully request your help in re-electing our supervisor, H.G. Dean, who we believe is one of the best in the State of Mississippi.

Mr. Dean has previously been elected to public office in Beat One on five occasions, four times he has been overwhelmingly endorsed by his homefolks, and in 1963 was re-elected supervisor without opposition.

We submit to you that no man in public life in Hancock County today has been so often endorsed by those who know him best. On August 8th the tally in Beat One was:

H. G. DEAN	364
His Second primary opponent	142

The vote speaks for itself and tells more than a thousand words as to the opinion of Beat One homefolks concerning the two men.

WHY DO WE APPRECIATE H. G. DEAN?

He has lived among us all of his life, a life characterized by complete candor, and without deception. We always know where he stands. He has worked hard to make a good supervisor, the results speak for themselves. We now have a good system of hard surfaced roads, playgrounds and many other needed improvements, because of his efforts, and still our Beat funds are in the best shape in history.

If Beat One alone had elected a supervisor there would be no second primary, H.G. Dean would now be re-elected. Please join with us in re-electing the most progressive supervisor of Beat One within our memories. Please vote on known facts, not politically inspired rumors ----

Re-Elect H. G. Dean

Paid for by interested citizens of Beat One.

WANTED

A MOMENT OF YOUR TIME TO READ THIS MESSAGE

I would like to take this moment to solicit the support of my friends for my brother, J.C. "Pete" Mauffroy, in his bid for election to the Board of Supervisors from Beat 4. He is a resident of Hancock County and is a member of one of the oldest families on the Gulf Coast. He is an honest, intelligent man with a sincere desire to give dedicated service to the people of Hancock County. His statement is not directed to the people who know "Pete", but to those who do not know him. Inquire of a friend, to those who are not acquainted with him. Inquire of a friend, to those who are not acquainted with him. Inquire of a friend, to those who are not acquainted with him.

The incumbent claims "experience" as one of his strong points. This type of experience could vary well to the point of being a hindrance.

Mauffroy has pledged full cooperation with the other supervisors, but ONLY when the benefits derived will be shared by the taxpayers, and not just a select group of individuals.

It is not to progress, we must work out the old political system and the power they hold, and elect a man who has the interest of all the people at heart.

Persons: this is not the kind of man you want. Or is it? A vote will be recorded in the polls on August 14, 1967.

Conrad L. Mauffroy
